Berry, a renowned farmer, author, and environmentalist, and Jackson, a pioneering agricultural scientist and president of The Land Institute, share their unique perspectives on the challenges and opportunities facing humanity. They discuss the importance of sustainable farming practices, the need for a more just and equitable food system, and the vital role that community plays in creating a more sustainable and fulfilling world.

This engaging and thought-provoking book is a must-read for anyone interested in sustainability, environmentalism, and the search for a better way of living.

About the Authors

Wendell Berry

Wendell Berry is a farmer, writer, and environmentalist who has been writing about the relationship between agriculture and the environment for over 50 years. He is the author of over 50 books, including novels, essays, poems, and short stories. His work has been translated into over 20 languages and has won numerous awards, including the National Humanities Medal.

Wes Jackson

Wes Jackson is a pioneering agricultural scientist and president of The Land Institute. He is known for his work on sustainable agriculture and his advocacy for a more just and equitable food system. He is the author of several books, including "Becoming Native to This Place" and "Consulting the Genius of the Place."

Reviews

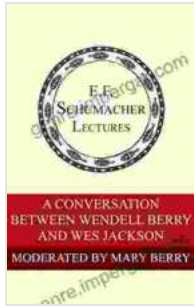

"A profound and timely conversation between two of the most important thinkers of our time. Berry and Jackson offer a vision of a more sustainable and just future that is both inspiring and achievable." - Bill McKibben, author of "Eaarth"

"A must-read for anyone who cares about the future of our planet. Berry and Jackson provide a roadmap for a more sustainable and fulfilling way of life." - Vandana Shiva, author of "Soil Not Oil"
