# NURSING STUDENT'S GUIDE TO THRIVING IN CLINICAL

Clinical should be a positive learning experience!

Different factors may contribute to a more difficult learning experience (e.g. interpersonal conflicts arise/ high levels of student stress and anxiety may interfere with a student's learning/ doubts about performance in clinical).

In order to facilitate your learning, here are some tips/strategies & resources to help you go from surviving to thriving in your clinical setting.

2<sup>nd</sup> Edition

What is your goal?

How do interactions with your clinical setting?  
Quality of care, performance? (part regarding  
to patient care, skills or professional practice  
acquisition or in the same institution? Other  
considerations?)
