

# The European Union in Comparative Context: The Johns Hopkins in Constitutional Law

The European Union (EU) is a unique and complex political entity. It is a supranational organization that shares sovereignty with its member states. The EU has its own constitution, the Treaty on European Union (TEU), which establishes the EU's institutions and sets out its powers and responsibilities.

## Constituting Federal Sovereignty: The European Union in Comparative Context (The Johns Hopkins Series in Constitutional Thought) by Leslie Friedman Goldstein

The EU's constitutional law is a fascinating and ever-evolving field of study. The EU is constantly adapting to new challenges, such as the global financial crisis, the rise of populism, and the UK's withdrawal from the EU. This has led to a number of important changes in the EU's constitutional framework, including the creation of the European Stability Mechanism and the adoption of the Lisbon Treaty.

The European Union in Comparative Context: The Johns Hopkins in Constitutional Law is a comprehensive and authoritative guide to the constitutional law of the European Union. Written by leading scholars in the field, this book provides a comparative analysis of the EU's constitutional framework with that of other major constitutional systems, including the United States, Canada, and Australia.

The book is divided into four parts. The first part provides an overview of the EU's constitutional history and institutions. The second part examines the EU's powers and responsibilities, including its legislative, executive, and judicial functions. The third part focuses on the EU's relationship with its member states. The fourth part examines the EU's external relations, including its trade policy and its relationship with other international organizations.

The European Union in Comparative Context: The Johns Hopkins in Constitutional Law is an essential resource for anyone interested in the constitutional law of the European Union. It is a comprehensive and up-to-date guide to the EU's constitutional framework and its relationship with other constitutional systems.

## **Reviews**

"This book is a valuable contribution to the literature on the constitutional law of the European Union. It is a comprehensive and authoritative guide to the EU's constitutional framework and its relationship with other constitutional systems. The book is well-written and well-organized, and it is a must-read for anyone interested in the constitutional law of the European Union."

-Professor Alberto Alemanno, HEC Paris

"This book is a timely and important contribution to the study of the European Union. It provides a comprehensive and comparative analysis of the EU's constitutional law, and it is essential reading for anyone interested in the future of the EU."

-Professor Kalypso Nicolaïdis, University of Oxford
