January 1, 2023

This book is a powerful and moving account of the experiences of World War II veterans. The author, Karl Marlantes, does an incredible job of capturing the emotions and experiences of these men as they fought their way through some of the most brutal battles of the war.

Marlantes' writing is honest and raw, and he doesn't shy away from the horrors of war. He paints a vivid picture of the physical and psychological toll that the war took on these men, and he doesn't sugarcoat the realities of combat.

But this book is about more than just the horrors of war. It's also about the courage and resilience of these men. Marlantes shows us how these men were able to overcome their fears and fight for what they believed in. He shows us the strength of the human spirit, and the power of hope.

This book is a must-read for anyone who wants to understand the true cost of war. It's a powerful and moving tribute to the men who fought and died in World War II.

About the Author

Karl Marlantes is a decorated Vietnam War veteran and the author of several books, including the bestselling memoir "Matterhorn." He is a graduate of Yale University and the Rhode Island School of Design. He lives in Washington State.

"The Things Our Fathers Saw" is a powerful and moving account of the experiences of World War II veterans. It is a must-read for anyone who wants to understand the true cost of war.
