## The Gods and Goddesses

The Greek gods and goddesses were a powerful and capricious group of beings. They controlled the forces of nature, the fate of mortals, and the destinies of nations.

The most important gods and goddesses were the twelve Olympians. These gods lived on Mount Olympus, the highest mountain in Greece. The Olympians were:

- Zeus: The king of the gods and the god of thunder and lightning
- Hera: The queen of the gods and the goddess of marriage and childbirth
- Poseidon: The god of the sea
- Hades: The god of the underworld

In addition to the Olympians, there were many other gods and goddesses in Greek mythology. These gods and goddesses represented a wide range of natural and social phenomena, from the seasons to the emotions.
